Dear Chairman and Commissioners, 2014 NOV 18 P 4: 48

My name is Connie Williams and I am a customer of Unisource Energy here in Santa Cruz County.

I write to urge you to oppose the elimination of Arizona's Energy Efficiency Standards and any reopening of Arizona's Energy Efficiency Rules. These standards work to lower utility bills for my neighbors and I and also help make Arizona an affordable place to live and work. An energy efficient home is also a more comfortable home in which to live.

I am currently in the middle of a project to retrofit my home to be more energy efficient, and I know first hand how much more expensive (and messy) it is to do this to an existing home rather than to get it built properly to begin with.

I am confident you will do the right thing for Arizona and our state's economy. I respectfully urge you to continue to support the Energy Efficiency Standards adopted in 2010.

Thank you,

Connie Williams
